**BETTER THAN CALOMEL**

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They do not irritate the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "heavy" and "heavy." They "clear" clogged brain and "perk up" the spirits.

## MANY LOSE VOTE THROUGH NEGLECT

**Registration Laws Plain and Just But Voters Put Off Acting Until Too Late.**

The last general registration was in the fall of 1916, presidential year, when it is incumbent upon all voters to register. Each year since that time the registration booths have been open for those who move from one precinct to another in order that they may obtain transfers for the voter becoming of age and for the new residents moving into the city.

From one cause and another scores of voters neglect to register. Then on election day they regret such action. This year every voter should exercise his right of franchise at the polls and if it is necessary for him to register he should do so by all means even at the sacrifice of neglecting some other duty, for questions of vital importance to the citizens will be settled within the next year or two.

Newark is a growing city and since the registration last fall there has been an influx of voters that is truly remarkable. There is scarcely a vacant house in the city and homes are in demand in all sections. Property owners are besieged by applicants desiring to rent a home and it is probable that at least 400 voters have moved to Newark since a year ago at this time. They cannot vote unless they register and it is their duty to do so if they expect to remain citizens of Newark.

There will be two registration days, tomorrow and Saturday, and the voting booths in each precinct will be utilized for that purpose. The hours will be from 8 a. m. to 2 p. m., and from 4 p. m. to 6 p. m. to the evening. If you have not registered do so tomorrow. Do not neglect this most important duty.

## ATTEND CLAM BAKE OF COLUMBUS ELKS

Members, Charles Dean, Frank Cherry, Clem Cio, Taylor Kussmaul, W. H. Kinsmaul and several others from this city are attending the annual clam bake today of the Columbus lodge of the Elks, which is being held at Olangetown park. An experienced chef was secured from Providence, R. I., and he brought with him the necessary sea food, clams, lobsters and salt water fish, to which will be added chickens, ducks, sweet corn on the cob and sweet potatoes. The bake was started early yesterday morning and will be served shortly afternoon today. Sixteen hundred tickets were disposed of at \$5 per ticket.

## BAUGHMAN SAYS HE AGAIN MAILED RING

Andrew Baughman, charged with the theft of a diamond ring from the home of Dr. H. B. Anderson in South Fourth street, pleaded not guilty in mayor's court this morning and his case was continued until tomorrow morning at 9 o'clock. Police Chief James Sheridan stated today that Baughman mailed the ring to his sweetheart in Glasgow, Scotland, and after that Chief Sheridan brought him in several weeks ago he sent for him and Baughman agreed to write and secure thiering, which he did, and the chief knew for a certainty that it had been returned. Today Chief Sheridan reversed. Baughman claims that he again sent the ring across the Atlantic. The diamond is valued at several hundred dollars.

of these nations have ratified the treaty.

While professing to have no official information on the subject, officials said they assumed that if the treaty were put into force with only three of the allied and associated powers completing ratification, those powers would proceed with the organization of the league.

Directly the peace treaty comes into force through exchange of ratification by three of the allied and associated powers and Germany men of its clause will become effective. Chief among these is that requiring Germany to issue 100,000,000,000 marks for bonds for the reparation of devastated territories.

Other provisions of the treaty which will become effective immediately require:

Dismantling of auxiliary ships of war, four of which are in neutral ports and 25 in German ports.

Formal surrender of German surface warships interned in allied and neutral ports and now in charge of German caretakers.

Delivery of all German military and naval aviation material, including dirigibles, except 100 unarmed seaplanes to be retained as a part of the German mine sweeping force.

Destruction of the armament of all military forces situated within 50 kilometers from the German coast.

Notification of the number, calibre, and type of guns forming the armament of the land sea fortresses which Germany is allowed to keep.

## KIWANIAN ATTEND STATE CONVENTION

A delegation of nine Kiwanians attended the organization of the Ohio District of Kiwanis, held at Columbus, Wednesday. The following men from the district attended: W. W. Galt, Dr. G. L. Wythe, Carey Bricker and C. E. Lender, Dr. Earl Prior, Maurice Kent, Rev. G. Boben Schmitt, A. F. Kennedy and Geo. Penberg were the other members who enjoyed the hospitality of the Columbus Kiwanians.

A good representation from over the state convened at 9 o'clock and during the morning session adopted a constitution for the government of the Ohio District. During the afternoon, officers were elected. The state had officers for the past year, but under the new ruling, Ohio is credited a district in itself. Ed Arras of Columbus is the new president, Peter Land of Akron succeeds him as secretary.

President Galt of the Newark club introduced a discussion on the per capita dues which resulted in raising them to an amount deemed adequate to the state organization's needs.

He also injected the idea that an officer should not succeed himself in the same office. International Secretary O. Sam Cummings, told the club that the membership now numbered 21,000 and the clubs 170 in the United States and Canada. The next international convention is to be held in Portland, Oregon.

The luncheon was held in the ball room of the Deshotel hotel.

A beautiful basket of chrysanthemums was sent by the Columbus Rotary to grace the speakers table and in turn, sent to the Old Ladies' Home.

## MEMORIAL DRIVE TO OPEN HERE WEDNESDAY

The drive in Licking county for the 32,950 quota in the national Roosevelt memorial campaign will begin next Wednesday, according to an announcement made last night following a mass meeting of a number of Newark and Licking county men at the Chamber of Commerce. Chairman E. C. Wright explained the purpose of the meeting. Team captains and team members who will call on prospective contributors will be provided with a specially selected list of names.

Superintendent O. J. Barnes will direct the work in the schools. Jersey each pupil to 10 cents. The contributions from the Boy Scouts will be handled by Scout Executive K. L. Brown. Each scout must earn the money he contributes.

Contributors to the fund will also be received by Warren Sutor, treasurer for the fund in this county. Each contributor will receive a certificate of membership in the memorial association.

All newspapers, especially those published in the villages of the county are authorized to receive contributions.

## RYAN MAY GET PLACE ON STATE TAX BOARD

Daniel J. Ryan, of Columbus, former Ohio secretary of state may succeed F. E. Munn, as Republican member of the state tax commission. Ryan is to speak here Friday night on the classification amendment.

Mr. Ryan's name was being mentioned in Columbus today as the one most likely to be named for the position by Governor Cox. Munn resigned last Tuesday to go to California on account of his wife's health.

## WOMAN DIES AT BREAKFAST TABLE

Martinsburg, Oct. 16.—While eating breakfast at her home about three miles from here Wednesday morning, Mrs. Wheeler Ryan was stricken with paralysis and died within ten minutes. She had been apparently in the best of health. Mrs. Ryan was 63 years of age. Besides her husband she has two daughters. The funeral will be held at the Presbyterian church here at 11 o'clock Friday morning.

## MANY WOMEN ASK DIVORCE

Youngstown, Oct. 16.—Women are usually the ones to apply for divorces, according to a report filed by Mahoning County Clerk Jesse Francis, with the secretary of state. Of divorce suits disposed of here during the last year still pending, 539 were filed by women and 271 by men.

Cleveland: Secretary Baker says administration is determined to enforce laws.

## MRS. SAFFORD HURT IN AUTO COLLISION AT ROCKFORD, ILL.

Mrs. George N. Safford, daughter of J. M. Newton of this city, suffered a fracture of both bones of her left forearm late Monday afternoon when her automobile crashed against another motor car at Rockford, Illinois.

It is said that a ball being played with in the street by some boys rolled underneath the front wheel of Mrs. Safford's car, striking it and causing the curbing, where it collided with another car. The impact threw Mrs. Safford into the side of her own auto, breaking her arm. The fracture was given attention at Rockford hospital, after which Mrs. Safford was taken to her home 511 South Second street, Rockford.

## MAYNARD LEADS ALL ON RETURN TRIP

Chicago, Oct. 16.—Almost half way across the country on his return journey in the army airplane reliability and endurance race Lieutenant R. L. Maynard, "flying parson" today was well in the lead of the four other homebound fliers who had doubled back after soaring from coast to coast. Lieutenant Maynard, having reached Sidney, Nebraska, was almost a day's flying ahead of his nearest pursuer from San Francisco and his closest opponent at the point of flying time for the transcontinental flight, Captain Lowell H. Smith, temporarily was out of the contest as his ship was damaged by fire last night shortly after he landed at the Buffalo control station.

His claims for premier honors in the first half of the twice-transcontinental race challenged by Captain Smith regarding actual flying for the journey, Lieutenant Maynard apparently was intent on being returned undisputed winner as he was in the Minnola-Toronto race, for yesterday he broke all records for flights from San Francisco to Sidney, Nebraska, in 23 hours, 10 minutes and 45 seconds. He expects to spend tonight at Chicago. Through snow storms yesterday Lieutenant Maynard made 136 miles in fifty minutes and then dashed an additional 83 miles through the skies in thirty three minutes.

The death toll in the race today stood at seven, leaving thirty nine pilots in the contest. Lieutenant French Kirby, pilot, and Lieutenant Stanley Miller, co-pilot, were killed yesterday when their plane fell at Castle Rock, Utah.

Of those remaining in the race, six have completed half their trip by landing at the Alameda field and nine west bound fliers have reached San Francisco.

24 others are still on the first leg of their flight, scattered at various control stations across the country.

In as much as Captain Smith and his plane burned at a control station after he had landed for the night, those interested in the race, hoped the Washington authorities would permit him to take another ship and remain in the race. Captain Smith's ship was being repaired for today's flying when the wings were fired from a lantern.

Flying from the west Lieutenant Alexander Pearson, was Lieutenant Maynard's closest pursuer, followed by Captain E. M. Munselmann, from the east the "flying parson's" chief rival was Major Carl Spatz.

## THREE LEAVE 'FRISCO BOUND EASTWARD

San Francisco, Calif., Oct. 16.—Three contestants in the army's transcontinental air race who have completed the flight from Mineola, N. Y., to San Francisco were expected today to join the two who were yesterday the final lap of their 5,402 mile flight. Those ready to leave here during the day were Captain H. C. Drayton and Lieutenants E. M. Munselmann and J. S. Webster.

Lieutenant Alexander Pearson, Jr., reached Reno yesterday on the first day of his return trip, while Captain J. O. Donaldson spent the night at Sacramento.

## STRIKE LEADERS HOLD PARLEY WITH OWNERS

Youngstown, Oct. 16.—The eyes of union men in the Youngstown district were focused on strike leaders as the result of an announcement yesterday afternoon that arrangements had been made for a conference with representatives of the steel plants in the valley.

Secretary J. E. McQuinn, and other strike leaders yesterday addressed strikers in Struthers and afterwards entered the office of the Struthers Purchase company, expecting for a conference with officials of the concern. It was not divulged yesterday what companies had asked to meet the strike leaders. It was stated at strike headquarters, that it was hoped to get adjustments with the smaller companies and that this would bring influence upon the larger employers to grant conferences with the men. What result was obtained at yesterday's conferences was not made public. It was expected that some statement would be made this morning.

That the agreement of the Amalgamated Association of Iron, Steel and Tin Workers, to return to work in plants having an understanding with the association will have little effect on bringing about a return to normal conditions here was indicated yesterday when it was found impossible to start the local mills of the Maynard Steel Hoop company. The striking laborers refused to report so that when the Amalgamated men went to the plant they were unable to work.

Whether the laborers can be prevailed upon to return with the association here as return yesterday.

## COMMITTEE WILL END PROBE QUICKLY

Washington, Oct. 16.—The senate labor committee today decided to end its investigation of the steel strike as quickly as possible, probably after hearing testimony from witnesses, but without further visits to strike zones.

## WILL PAY PENALTY

Columbus, Oct. 16.—Frank Steinhilb, Austrian, aged 35, will pay the supreme penalty if he is found guilty of the murder of Nicholas Chambers, aged 60, whom he shot and killed during a celebration for homecoming warriors. The shooting occurred in Tuscarawas county last spring.

## CONTINUE PLANS FOR COAL MINERS' STRIKE

Indianapolis, Oct. 16.—Plans for a strike of bituminous coal miners of the country on November 1 were continued today at international headquarters of the Miners of America, the officers proceeding on the presumption that nothing would come of the conference in Washington called by Secretary of Labor Wilson in an effort to avert the threatened walkout.

The official strike call was sent out yesterday afternoon to the more than 3,000 local unions and plans for making the strike effective are taking form at headquarters.

Acting President Lewis left yesterday afternoon for Washington in response to the request of Secretary Wilson for conference.

Officers of the mine workers here were averse to commenting on the possible outcome of the Washington meeting but it was stated it might result in another effort on the part of the operators and miners to get together. It was pointed out that should an agreement be reached before November 1, the agreement would not become effective until ratified by the full convention of the United Mine Workers.

United Mine workers officials also said that should negotiations be resumed with possibility of final agreement it was likely that the strike would be called off pending details of the outcome, even though the deliberations extended beyond November 1.

## ARMED MEN TURN BACK ORGANIZERS

Huntington, W. Va., Oct. 16.—The 50 union organizers who went into Logan county yesterday in an attempt to unionize coal miners of the Guyan Valley and who claim they were forced to leave that region by several hundred "armed men" reported their case today to district headquarters of the United Mine Workers of America at Charleston. It is expected that the union officials will take steps immediately to secure immediate details of the turning back of the organizers and place the facts before state officials with a request for an investigation.

Shortly before last midnight the 50 organizers who left here early Wednesday morning for Logan, W. Va., returned to Huntington and reported they had been stopped near Logan by armed men and that later an armored train with several hundred armed men and machine guns on board had followed their train back across the Logan county line to a point near this city. The organizers said the armed force was made up of company officers, miners and miners. They denied assertions of Don Chaffin, Logan county sheriff, that when searched by deputies at Logan 20 pistols were found on members of the party.

## PRESIDENT REMEMBERS MRS. WILSON'S BIRTHDAY

Washington, Oct. 16.—Such change as has been noted in President Wilson's condition during the past 24 hours has all been for the better, according to the semi-daily bulletins given out by Rear Admiral Grayson, his personal physician. Last night the doctor was able to report that the rather persistent ailment that had been bothering the President had disappeared.

During the day also the President was enabled to demonstrate his remembrance of Mrs. Wilson's birthday, and presented her with a gift which a White House employe purchased several days ago.

Glandular difficulties first noted in the medical bulletins two days ago have not been tied upon in later pronouncements, and the assumption has been justified that this factor is no longer of prime importance.

## MAIL PLANE WRECKED

Allentown, Pa., Oct. 16.—A United States mail plane in charge of Lieutenant S. A. Robinson, enroute from Belmont Park to Bellefonte, Penna., became lost in the fog here today, crashed into a tree and in a fall of 20 feet, was completely wrecked. Lieutenant Robinson, who escaped with minor bruises, left by train for Belmont Park.

## AUTO BANDITS GET \$7000.

Roselle, N. J., Oct. 16.—A gang of seven men traveling in a large touring car, robbed the First National Bank of Roselle today, shot a policeman in the encounter while one of the bandits was also wounded, escaping with about \$7000 of the banks cash.

## FREIGHT TRAIN DERAILLED

The derailment of a freight train on the Pennsylvania about three miles east of Newark this morning delayed traffic. Trains were held up about three hours until the wreck could be cleared away.

## WIRE BRIEFS

Columbus: D. C. Wills, chairman Cleveland Federal Reserve bank, says shortage of 2,000,000,000 exists.

## AMUSEMENTS

### AUDITORIUM.

The box office sale for the local engagement extraordinary of John Cort's great New York musical comedy success, "Gloriana," at the Auditorium, opened today. That the production will receive a warm welcome and reception of local theatre goers who have heard of the phenomenal success of the piece in New York, Chicago and other large cities, is made apparent through the heavy demand for reservations made to the management. The production will be presented here identically as it was staged at the Liberty theatre in New York where it enjoyed an unprecedented record-smashing engagement. The same bevy of beauties who so stirred New York will be on hand and accompanied by an augmented orchestra will entertain with the haunting and melodious songs with which the comedy is literally jammed. The company gives two performances Saturday.

### "The Hushed Hour."

Harry Garson's second Blanche Sweet production, "The Hushed Hour," seems to have gone over almost as big as "The Unpardonable Sin," which that producer brought out recently, and which has created such a furore throughout the country.

Goldwyn Picture to be seen at the Alhambra theatre commencing tomorrow. There is every reason to predict that the vivacious comedienne will strike the high spots of fun and originality in the piece because it is a genuine farce, so well wrought that it will be a surprise if it doesn't find its way to the stage.

Miss Normand is Millie Martin, accompanying her father on her first railroad journey. On the same train is a worthy young carpet layer who is fleeing from an imaginary crime. Armed with a doctor's pass, he pretends to be a physician but is terrified when addressed as "doctor." He is too scared to respond to Millie's blandishments, so she has upon a way to enlist his professional services. Feigning toothache, she begs her stingy parent to summon a doctor. Instead, her father forces a wad of chewing tobacco into her mouth. A sharp curve, a sudden lurch and—Millie swallows the "medicine." Then the "doctor" has to come. He orders an operation, the train is rushed to the next station and Millie is hurried to a sanitarium, with the mock doctor forced along too. The ensuing events are laughable in the extreme, and Millie's escape from the knife is miraculous.

### The Belle of the Season.

In many of the scenes of Metro's

MABEL NORMAND  
"WHEN DOCTORS  
DISAGREE"  
GOLDWYN PICTURES

At its recent premiere in Detroit, many prominent persons went out of their way to express their approval of "The Hushed Hour." The following letter explains itself:

"159 Harvey Ave., Detroit, Mich.  
"Manager Harry Garson, Broadway Strand Theatre, Detroit, Mich., Dear Sir:—I cannot help but write you my opinion of the wonderful picture now on view at the Broadway-Strand."

"I have reviewed many motion picture productions for the various motion picture magazines, throughout the country and I speak from past experience. I think Blanche Sweet, in 'The Hushed Hour,' is one of the best pictures I have ever seen. I think it forms the base or pinnacle, as the case may be, for future releases to be built on and a scale to be patterned after."

"I am one of your theatre's regular patrons and I surely appreciate the productions that I have been able to see from week to week."

"I hope the Broadway Strand continues its first class entertainment policy, and wish you the best of success. Very truly yours,  
(Signed) "Robert F. DuChene."  
"The Hushed Hour" has one of the most unusual casts ever seen in a motion picture and includes Blanche

comedy-drama, "The Belle of the Season," in which the fascinating, Emmy Wehlen will appear at the Alhambra theatre, on Sunday next, the beautiful young star will be seen in her own personal car, which is an especially luxurious vehicle.

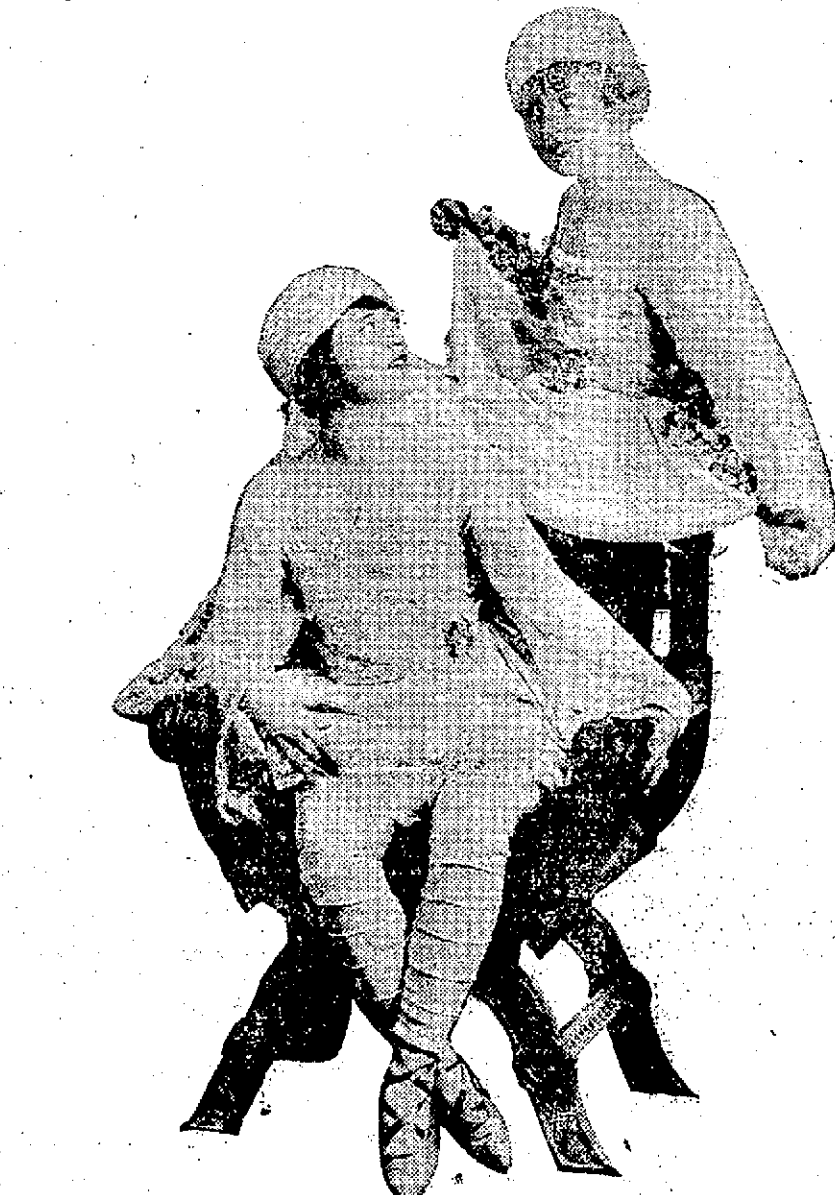

During the course of the play Miss Wehlen, in the character of "Jerry" Keen, the richest girl in the world, goes on many secret trips into the seamy districts of the city for personal observation of conditions in which she is interested. It is in these scenes that the star uses her own car and her own chauffeur.

### LYRIC.

"Alladin From Broadway" was presented for the first time last evening by the Lyric and Coleman's Tip Top Merry Makers at the Lyric and the sketch which was written by Lou Orth proved to be a big success.

### GRAND.

Mr. H. B. Warner, who made "The Man Who Turned White" famous, is here today at the Grand appearing in which he claims is his best picture, "For a Woman's Honor." It is a story of intrigue and love among the natives

TWO OF THE DANCING BEAUTIES IN "GLORIANA" AT THE AUDITORIUM SATURDAY, MATINEE AND NIGHT.

Sweet, Wilfred Lucas, Milton Sills, Mary Anderson, Rosemary Theby, Harry Northup, Edward M. Kimball, Lydia Knott, Gloria Hope, Wyndham Standing, L. T. Steers, and Master Bennie Carpenter. The production will be seen at the Auditorium next Monday.

### ALHAMBRA.

### "Merry-Go-Round."

"The Merry-Go-Round," the enthralling Fox photoplay of young love and of circus life behind the scenes, with Peggy Hyland as star, will be shown at the Alhambra theatre for the last time tonight. Miss Hyland, the gypsy maiden, has played her way still further into the hearts of the public during this engagement. Some of the best lovemaking of her screen career falls to Miss Hyland.

### "When Doctors Disagree."

"When Doctors Disagree" is the intriguing title of Mabel Normand's new

and settlers of far off India. The production is as elaborate as ingenuity can make it and the picture is expected to break house records during its stay today and tomorrow.

"Miss Arizona," the screen version of the love story at an army post in the southwest some years ago, on the legitimate stage by Edgar Selwyn and company, will be the feature picture at the Grand next Sunday and Monday.

"His Majesty, the American," Douglas Fairbanks and his company, all members of the Big Four, will be at the Grand theatre sometime in the near future in his first release, and a wonderful picture it is said to be, "His Majesty, the American."

## DECLARES HE IS HIGHLY PLEASED WITH NEW REMEDY

Well Known Thornville Citizen, Suffered from Sluggish Liver, Weak Kidneys, Nervousness, Loss of Appetite and Constipation.

New Herbal Remedy, Dreco, Gave Prompt Relief and Made Him Full of Energy.

"Seemed like I lost my taste for everything tasted just alike. My stomach was out of order, so that I became very weak, and three years ago I was laid up in bed from these troubles, only getting temporary relief from one dose to another," said Mr. Josiah Swick of Thornville, O., near Newark.

"My liver was sluggish, and I often had dizzy spells, spots floated before my eyes; my tongue was coated, and I had a foul taste in my mouth; my kidneys were weak, and I often had dull, aching pains in my back. After each meal I felt very uncomfortable caused by gastritis, which gave my stomach a full, bloated feeling, often with a burning sensation."

"I dreaded for night to come because I was so nervous I could not sleep, but would roll and toss from one side of the bed to the other, and when morning came I would be more worn out and nervous than when I retired the night before."

"Since taking Dreco all these ails have disappeared. My bowels act regularly; no more dizzy spells attack me; the bad taste and foul breath are all gone. I stoop and bend over without a pain in my limbs, and all the aches in my back in the region of my kidneys are gone. I sleep sound all night long, and have to be roused every morning. I can't say enough in praise of this great remedy Dreco."

Dreco is made from the juices and extracts of many herbal plants, which act on the vital organs promptly and in a pleasing manner. Dreco does not contain iron, mercury or potash.

All good druggists now sell Dreco and it is highly recommended in Newark by Evans' Cut-Rate Drug Store.—Adv.

### BEST WAY TO WASH THE HAIR

We find you can bring out the beauty of your hair to its very best advantage by washing it with canthrox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy; so fluffy, in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of canthrox, which you can get from any good druggist, dissolve it in a cup of hot water; this makes a full cup of shampoo fluid, enough so it is easy to apply it to all the hair instead of just the top of the head.—Adv.

## THE PRESIDENT.

The Washington dispatches concerning the President's condition are disquieting. The official bulletins issued by the physicians declare that the patient is making progress, that there are no unfavorable symptoms but that a long period of absolute rest is necessary. At the same time this reassuring news is given to the public rumors of a more serious condition find their way into the public print.

When President Wilson was forced to abandon his speaking tour of the west the general impression was that the strain had been too heavy for his nervous system and that a few days of rest would restore him to the usual vigor. As the days pass and the patient is still confined to his bed it is only natural that the public should become alarmed and that unfounded rumors should be set in circulation.

America was never in greater need of a guide than it is today and Woodrow Wilson has proved himself to be the strong guide who is needed. The prayer of the nation, political friends and opponents alike, join in the hope that the President will be restored speedily to permanent health and vigor.

Since it appeared that "home kick" was going to be allowed, the cook book has been removed from the flour barrel and now rests on the living room table.

There are a lot of girls who won't wear common sense shoe heels, as some one might make a mistake and think they know something.

Lights in the cellar at night nowadays do not always mean that the Old Man is cleaning up the cement floor.

The farmer's won't cut prices until after labor comes down and labor won't come down until the farmers cut prices.

More talk and less work is the popular theory of how to pay off the war debt and solve the high cost of living.

The hard working college boys will now proceed to burn midnight oil trying to get into the fraternities.

The striking business won't be complete until the army strikes for more pay just before a battle.

Some people are so opposed to advertising that they can't stand it even to hear a church bell.

While reading up on how to escape the flu, many men keep on spitting on the floor.

## FRANK A. BOLTON.

It is quite doubtful if more than an extremely small part of the voters of this city and township are aware of the very great importance attached to the office of municipal judge, a new office created for Newark and Newark township alone, by our present legislature. It is created for the purpose of eliminating imperfections of the justice courts and relieving the mayor of police court duty.

A duty devolves upon each voter of this community to lend his individual assistance in the establishment of this new tribunal. Such assistance he can contribute by voting for the proper personage to act in the capacity of our first municipal judge. The proper person to act in this capacity should be,

FRANK A. BOLTON.

primarily, a man learned in the law, a practitioner of adequate age and discretion; second, he should be a man commanding the respect and confidence of each individual member of the bar, who must of necessity practice in his court; third, he should be a man of eminent dignity and standing in the community.

All these requirements are met in the person of Frank A. Bolton, ex-city solicitor and legal practitioner of the past twenty years. There is no question of law with which Mr. Bolton is not thoroughly conversant; there is not a lawyer in the community whose respect and confidence he does not command.

It was Mr. Bolton who first demanded that the rights of our citizens be respected when our natural gas company imposed an increased charge for gas in this city. It was Mr. Bolton who remained in the fight in our interest and behalf through every court, common pleas, circuit and supreme. It was Mr. Bolton, who, in person, made the final presentation to the highest tribunal of our country, the United States Supreme court at Washington. And as a result of Mr. Bolton's ceaseless and untiring efforts, Newark citizens are even now receiving the last installment of that natural gas money.

The ballot, upon which will appear the names of the respective candidates for municipal judge, is non-partisan and separate; no matter what your party affiliation, you can violate no rule of partisan preference by voting for Mr. Bolton. Moreover, it is your personal duty to yourself and to the community at large to vote for the man who fought your battles even to the supreme court of the land, the last ditch, as it were.

The senators should be very careful not to ratify the peace treaty until their constituents have all had copies of their speeches.

## EARNINGS IN SPORTS.

(Pittsburgh Gazette Times)

The distribution of over \$7,200 to each member of the winning ball club in the World's Series, and no mean sum to each of the vanquished players, is demonstration of the profitable remuneration of a top-notch ball-player who happens to be a member of a pennant-winning aggregation. It is understood that a star player can almost dictate his salary, and it is not a sum ordinary. Then it he happens to have added a few thousand as the spoils of a World's Series his compensation reaches a figure that would seem to make baseball rather attractive as a profession. To be presented with more than \$1,000 a game would appear in the light of "easy money." In comparison with the average man in which money comes to the average man, such a process would seem like finding it. While it is certainly an ample reward for the service rendered, it is its rarity that makes it conspicuous. Anyone who entered baseball with the expectation of getting wealthy from such divisions would probably be disappointed.

Out of the tens of thousands of more or less proficient ball-players a small percentage ever reached the big leagues and of those who do "arrive" many stay a great while. It is a young man's game and youth is fleeting. Of those who are enrolled in the World's Series, though some others share slightly in the distribution. It is probably true that players are ordinarily well paid, but the chance to get something extra as an incentive to best effort. Yet, taken on the whole, there are many other professions that offer equal rewards in the long run, though it may not come in bunches, which require no more skill, though of a different kind, than it required of a first-class ball-player. Contemplation of such large earnings in sport may cause some to become dissatisfied with much more meager return from much more prolonged effort, but if it is considered that where one wins, hundreds who have a chance are disappointed in their ambition (the fortunes of the victors should not cause envy).

When labor agrees to share losses as well as profits, the halcyon days of peace will be here.—Washington Post.

## PRESIDENT AND SENATORS.

(Philadelphia Record)

The Providence Journal, published in a State both of whose United States Senators, one of them a Republican, are supporting the peace treaty and the League of Nations, makes the remarkable assertion that "nothing has better shown the temper of the American people in its desperate efforts to press through the League of Nations unaltered than his bitter criticism of the Republican majority in the Senate," and much more to the same effect. Leaving out of the question the lack of decency and good taste involved in such a display of partisanship at a time when the President is seriously ill, one cannot but wonder at the mendacity which would make statements so easily refuted. They are the exact opposite of the truth.

Aside from some general remarks regarding the obstructive policy of a minority, not a majority, of the Senate, the President has indulged in no bitter criticism of the Senate. Evidently Hot-air and Temperamental Henry were not looking.—Rochester Herald.

## FRANCE IS AT PEACE.

(Cleveland Plain Dealer)

France declares the war at an end. Presidential decrees, effective Monday, place France officially on a peace basis. For all legal purposes the war will be considered as having ended on October 13, 1919.

All censorship is removed and the vexatious restrictions that were necessary in war time and which have continued in force for nearly a year after the signing of the armistice have been formally lifted. Torn and tortured France considers herself at peace with the world.

France is the first of the allies to take this step. France, more than any other ally, yearns for peace. France has done her utmost to make peace sure and lasting. France has impartially watched the ally and the disputes which have needlessly delayed the coming of peace. She has seen the common enemy strengthened and made arrogant. She now sees a German army in Constantinople, the allies and doing its utmost to begin all over again the war in behalf of Prussian junkerism. She knows that until the peace is made definitely effective the allies will have no effective weapon with which to coerce such outlaws as Von Der Goltz, and she fears that the success of Von Der Goltz will inspire other Prussian adventurers to bid defiance to the world. Clearly the present peace is a peace of expediency, and the Paris council cannot cope with dangerous emergencies. Paradoxically, while a state of war continues embattled out there, the allies may with impunity defy the authority of the allied powers. With the coming of peace and the establishment of the League of Nations some way may be found to make effective the police powers which the allies assume to possess.

It may be feared that France is moving somewhat too optimistically. Formal ratification by Germany, England and France and the royal proclamation of Victor Emmanuel probably will make the German treaty effective, but actual peace seems further away than it appeared six months or even one month ago. The French action very probably indicates an extreme weariness of war, a determination to devote as far as possible the national energy to the work of rehabilitation, and, most of all, a desire to be in a position to deal bravely and strongly with the internal and outward wars that are raging in many parts of Europe and which, if neglected, may convoke into a second general conflagration.

## Spirit of the Press

**Soldiers and Liquors.**  
It is an insult to the soldier to say that the prohibition fight was organized and presented during his absence from the country because if he had been here he would have been for the liquor traffic. The fact is that the very impulse which led him to go forth to fight for his country would have prompted him to vote for temperance at home. There were undoubtedly soldiers who were whiskey men, but the bulk and brain of them were for a sober country; and the answer for them was to make the defenders of intoxication to rise in their might and give the liquor traffic such a blow this fall that it will never pop up its head again.—Ohio State Journal.

**Demands Upon the President.**  
That the President's health was not equal to the strain of the tour he had undertaken is not surprising. The ordinary labor of the President is severe enough; the presidency in wartime is a task still more exacting. And in the last nine months, ever since the beginning of the Peace Conference, the President has been subjected to the enormous demands of the work of the conference as well as to the burden of political conflict at home. He needs and has earned the rest which only illness could persuade him to take.—New Orleans Times.

Too bad that Mexico cannot be moved into Russia.—Albany Journal.

## JACKSONTOWN TO HAVE BIG FAIR

National Pike Metropolis Plans Big Event For Oct. 30—Grange Backs Program.

Jacksontown, on the Newark pike and National road, is to have a street fair, a regular exhibition of all the products of farm and garden and a stock and poultry show. There will be stands for the sale of red lemonade and pop and the sandwich man will be kept busy handing out "hot dogs" to the hungry. The date of the gala event is Thursday, Oct. 30, and it will last but one day and one night. If a success it will be repeated next year and will probably cover two days.

The promoters of the forthcoming fair are the members of the Jackson town Grange and they promise a good exhibition. They are all known as pushers and hustlers and are among the best community boosters in the county, men who do things, and who are successful in their vocation of tilling the soil.

An organization was perfected at the township hall and M. C. Harter, head of the Licking County Agricultural society was selected as president of the first annual Jackson town fair. Harvey Orr was selected as secretary and A. M. Arnold, Owen G. Osborn and Vesta Beard as members with the officers of the executive committee.

The stock show will be held on the streets of the village and the township hall utilized for the display of fruits, vegetables and the liberal arts. One of the large garages will be used for poultry and several other buildings along the pike have been tendered the committee for exhibition purposes.

The fair is open to all.

## One of the Inspirations I Found in T.R.'s Life

By GOV. JAMES M. COX

HERE NEVER was another man who figured in this country's political history who was non-politically more beloved. I never traveled with him, of course, but a story bearing on this side of him which I recently read somewhere—think it was in the Outlook—is typical, I am sure, of the esteem in which he was held, regardless of his politics.

It was simply the story of a cold, rainy night, late, when T. R., worn with a hard day of speaking, was sitting in his drawing room in his private car out in the yards of a Western town, working on an important speech. None of his party would have dreamed of daring to interrupt him. The old station agent of the town, and a little six-year-old girl, found out through the mud, both trembling with eagerness to meet the Colonel,

## KILLS BOY IN ORCHARD IS HELD FOR MURDER

Steubenville, Oct. 16.—George Green, aged 62 years, prominent citizen of Brilliant, Ohio, was placed under arrest today by Constable John Crawford, charged with first degree murder. He is accused of slaying 12-year-old Wesley Selich Tuesday night when the boy, with four companions, invaded his apple orchard. The affidavit was filed by the boy's father. The accused was released on \$2500 bond. Mr. Green made no statement as to the charges. The body of the Selich boy was found in the orchard early yesterday morning. Citizens of the little town of Brilliant were angered over the death of the boy.

## Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allergic Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. T. J. Evans' drug store has been appointed agent for Allenrhin in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

## BUSINESS MEN'S CLASS GROWS; 10 ENROLLED

The Busy Business Men's class at the Y. M. C. A. the newest of the gymnasium classes, bids fair to becoming the most popular class in the association. Starting out with but one man at the opening session, the class Tuesday had 10 men on the floor in gym costume ready for work. Director Grieser used Dr. Roberts' dumbbell drill in the class Tuesday when it was over the men expressed themselves to the effect that "doc" sure had it in for the fat man when he wrote that drill.

A number of new faces appeared in the class but these men felt quite at home in the drill and in the medicine ball game and in the volley ball game that made up the program of Tuesday's activities.

Music was provided with the exercise making the affair all the more enjoyable. In a class like this where work becomes fun, and constructive exercise is the aim of the class, popularity is only a matter of a few weeks time. Any business man in Newark, interested in systematic exercise is invited to inspect this class. The Busy Business Men's Class meets Tuesdays and Thursdays at 5 o'clock.

## PREPARE LUNCH ROOM FOR PUPILS OF H. S.

A lunch room is soon to be put into operation at the High School. The lunch room has been in preparation since the beginning of school. The purpose of the lunch room is to serve hot lunch to those pupils who have to come from such a distance that it renders it impossible for them to return home at noon for lunch. Heretofore it has been the custom of those pupils to bring a cold lunch. The lunch room will render it possible for them to eat a warm, nourishing meal at noon. The food will be prepared by the morning domestic science classes. The lunch room is to be self-supporting, and will not doubt be well patronized by both teachers and pupils. The lunch room will go into operation in about a week.

## TAKE JUNK FROM PRISONER'S STOMACH

Boston, Oct. 16.—Discovery of a "human junk heap" was announced by officers of the House of Correction at Deer Island yesterday. Charles W. Buzzell of Montreal, serving a sentence of one year for forgery, complained of indigestion. A surgical operation resulted in the recovery of two pounds of miscellaneous articles from his stomach. The collection, Dr. L. C. Rockwell said, included parts of a dog chain two feet long; a safety razor blade nearly whole; a suspender buckle and 179 fragments or pieces of glass, hay wire, staples, nails, and screws. Relieved of these substances, Buzzell has almost entirely recovered, it is said. The prisoner had been accumulating the collection with suicidal intent, according to Dr. Rockwell, since last December. He had previously made a similar cumulative attempt to end his life, but it was frustrated by an operation performed in New York, he said. Buzzell told the surgeons that he was a former clergyman, having held several pastorates in Canada and had been convicted of worthless check operations in Michigan, New York and New Jersey.

## TELLS OTHERS HOW TONIC CORRECTED HIS INDIGESTION

Ohio Man Endorses Remedy That  
Restored His Flesh and Strength  
After Long Illness

"I want others to know what an excellent tonic Dr. Williams' Pink Pills are," says Mr. John H. Bell, of No. 21 West Cory street, Cincinnati, Ohio, "for the remedy not only ended my suffering but built me up."

"For months I had suffered from severe stomach pains which seemed to be growing worse all the time. I had little appetite and what I ate seemed to stay in my stomach and cause distress for hours after. My sleep was broken and unrefreshing and there was a constant dull ache near my heart. There were also sharp, shooting pains in my back."

"One day a friend, learning of my trouble, advised me to try Dr. Williams' Pink Pills. He spoke highly of the remedy that I began the treatment. In a short time there was a noticeable improvement in my condition. Gradually the stomach pains became less severe until I could eat a hearty meal without distress. As my blood improved the pains around my heart and in my back disappeared. I owe my health to Dr. Williams' Pink Pills."

Your own druggist can supply you with Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write for free diet book.

## You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone. And three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

## ITALIAN STEALS JOHNSON'S AMMONIA BOTTLE FOR WINE; CIGARETTES TAKEN

Guard at Customs Station at French-Italian Border  
Takes Things Easily When He Inspects Newark Man's  
Baggage—Y. M. C. A. Workers Enroute to Turkey.

Some Italian soldier on duty at the French frontier, during the customs of the Y. M. C. A. workers, took a bottle of ammonia from the baggage of Frank L. Johnson, Newark man in Y. M. C. A. work abroad. The bottle contained ammonia, Johnson said, but the soldier apparently thought it was French wine. Johnson's grip was well supplied with cigarettes with which he hoped to win little courtesies on his trip from Paris to Constantinople, whither he has been sent by the Y. M. C. A. headquarters at the Italian border. He was minus the cigarettes and his ammonia bottle which he says is necessary as an antidote for fleabites. In a letter to a Newark friend, Johnson describes his trip through Italy. He wrote the letter Sept. 12 at Catania, Sicily, where his boat was tied up long enough to take on a great cargo of lemons. Mrs. Johnson is accompanying him on the trip. His letter follows:

"It is now 9:15 a. m. on September 12. You are just getting the best of your sleep as it is about 2 a. m. with you. Mrs. Johnson and I are on our way from Paris to Constantinople. We were asked to get to the latter place as soon as possible, so we came to Naples by rail and then got a slow boat to Turkey. We were quite fortunate in getting first class passage

FRANK L. JOHNSON.

on the Albanian, a small Italian ship which makes between Genoa and Constantinople, making many stops on the way.

"We left Paris at 9:35 p. m. on Sept. 3, rode all night and up till noon the next day in a very poor 1st class coach before we reached the Italian coast. We had to go through the usual French and Italian red tape and as I had five trunks filled with clothing, table linen, bedding, etc., for our stay in India it was no small task to keep my drivers on them all and get past with all I had.

"I had put a few packages of cigarettes to use in an emergency, which helped a little. Tobacco is very hard to get in these countries so one is being asked for cigarettes all the time. I opened up my grip to get a few packages and some of the Italian soldiers saw me do it with the result that when I was ready to start I found that all my cigarettes were gone and a small bottle of ammonia, which I kept in the top of my grip to use on flea bites. They must have taken the ammonia to be white wine.

"We left Nodone at 2 p. m., reached Turin at 5:20, got a bite to eat and left at 8:00 p. m. for Rome, where we arrived the next noon, passing through Genoa and Pisa on the way. It did not seem like Sunday in Rome, but it was. We went to a good hotel, got a bath, which was much needed, a good lunch, and then to the Am. Y. M. C. A. building. Here I found a friend who helped us to get away on a sight-seeing trip to the Coliseum and the Catacombs. We came back after this trip and took dinner with my friend at his boarding house. We had a good rest and reported back to the Y. M. C. A. next morning, early, where the Secretary to the Rome area put his car and Italian driver at my disposal for the day. It was a religious holiday so it was very difficult for us to get any business attended to. I first visited the steamship company, and the Am. Express Co. They could give me no assurance of a sailing before two weeks. We decided then to leave for Naples at 7:30 p. m. and run the risk of getting out. With the machine and driver we went sightseeing for the day. We were driven all over Rome and stopped to see many important places, such as Hadrian's tomb, St. Peter's, St. John Lateran's, the Parthenon, etc. We drove to some of the hills where we got a good general view of the city. I said above we had planned to leave for Naples at 7:30. After going through the usual red tape with my baggage we got away on time.

"Reached Naples at 12:30. Although people and hotels seemed to be full, a big sign in the station, facing the many tracks, directed us to the Am. Y. M. C. A. nearby. Here we found Italians who could talk American. They were full up so we were advised to try hotels. We took a taxi and went to three large hotels before we got rooms. A Miss Rogers from St. Louis, who has been in Y. M. C. A. work in France and who goes to Constantinople to teach in an American school for Turkish girls has been our traveling companion all the way. She is a college woman and goes to teach higher mathematics. The next morning I took a horse-drawn taxi and made a drive to the 2nd class passages by the boat we are now on, the Albanian.

"I had run onto a Cook Co.'s man at the steamship office, whom I asked to help me get first class tickets if possible. In about an hour after I arrived at the hotel he came, saying he had secured berths in cabins 1 and 5 for us. That was almost too good to be true. I was told to go to the office at 9 p. m. the next day to get the whole matter fixed up. I was there on time and got the tickets.

"This left us the afternoon of the 9th to go to Pompeii where, with a guide, we saw all the ruins of this old town at the foot of Vesuvius. We

could see the smoke pouring forth from the crater and we certainly wondered why people continued to live and build under these clouds of smoke. Isn't it the love for home and a constant faith that what ever happens to the world, others may suffer and lose, but not us. That seemed to be the case with our soldiers. They went into places where others were killed, but when they went they always expected to return, and very often said "there's no danger."

"Tell 'Dutch' Reinhold that I saw much lead pipe along the ground in these old ruins that had been there since 600 B. C. They were great on baths in those days and they must have had all those things which we now call gymnasiums, Turkish baths, etc. There was much evidence of the corruption of those days too. In the evening we walked along the bay and Vesuvius could be seen near at hand standing out in the moonlight with that constant cloud of smoke pouring forth.

"At 1:00 p. m. on the 10th we left Naples, or rather we boarded the boat. Baggage and passengers had to be taken out from the pier in small row boats. And such bargaining as one never sees in America. Every fellow who touches a piece of baggage has to have a tip. It is 'service' 'service' until you actually have to tell them to get out of the way. They will not go then unless you look real cross and act as if you would hit them if they did not get away. The frame is worth about 12c and the fire about 10c so they always fix their prices in francs, but if you say 'lire' they will reply 'sit, sit, sit' and leave.

"We went ashore here (Catania, J. and I) I bought a deck chair for 20 lire, about \$2.10, several rolls of Eastman Kodak film and a daily paper, which cost 10 centimes or 1 cent in our money. How's that for a two-shilling paper the size of the Advocate. I bought a kilo (2 pounds) of small pears for 75 centimes (7 or 8 cents) too. These were to supplement our ship fare.

"Messina was about totally destroyed by an earthquake a few years ago. There are yet many ruins to be seen, but much of the city has been rebuilt and looks fine. Some of the old barracks furnished by the Am. Red Cross are still in use. I am told that they have a street named Roosevelt in the remembrance of American help. We left Messina at midnight and reached Catania at about 6:00 this morning.

"This is a city of about 200,000 people. Mt. Etna is just to the north and a cloud of smoke pours forth from its crater. This seems to be a very old city. Everything begins to look oriental and I now feel that I am to live and work in a new world (rather old, which I will not enjoy so much as I have in America. There are big problems to be worked out these days and it is quite a privilege to have a part in the front line. We will leave here tonight at 8:00 o'clock. Cases of lemons have been carried on to our boat 'all lemons' or 1 cent in our money. How's that for a two-shilling paper the size of the Advocate. I bought a kilo (2 pounds) of small pears for 75 centimes (7 or 8 cents) too. These were to supplement our ship fare.

"We stop again at Pireus and Smyrna. We have about 40 first class passengers. I think about 25 of these are Americans or English. Most of them are going back to work that they left when the war came. There are several who go to Smyrna. One is a white American firm. He gets the roof in Turkey. A lady missionary is on with two little Bulgarian boys, about 8 years of age. She has worked in Bulgaria for 30 years and has been back to America only 3 times. A very bright man named Ryan is on his way to Constantinople to continue his work with the Am. Board of Missions. He was driven out with his family in 1918. He has with him two new workers, one a young man just out of Columbia University. Mr. Archer and his wife go to Greece for Y. M. C. A. work. He has been associated with Y. M. C. A. for several years past. Was also in France with the American troops.

"I have for cabin mates an Italian export merchant from Naples and a Portuguese. Neither one speaks or understands much English so it is difficult for me to know whether they want the door or window open or not. It is fortunate that we have a common sign language that helps out. With a little French, German and Latin at my command I get along fairly well.

"Well, I wish I might see the boys of the Rotary club. They have done a lot of good work. I want them all to know that I appreciate every one of them and would like to write to them personally. I trust the old town goes on improving in every way and that it may be my privilege to see you all again in about three years."

## WOMEN WORKERS.

In almost every line of war activities the women of this country have done well and have taken front rank for doing work that released thousands of men for service overseas. Some women have been over-ambitious, and filled places once occupied by men. Every woman who, because of overwork, has brought on some ailment peculiar to her sex, should depend upon Lydia E. Pinkham's Vegetable Compound to restore her health and strength, as this remedy is now recognized as the standard and has restored multitudes.

## REMARKABLE DISCOVERY

Simple Home Preparation  
to Ward Off Spanish In-  
fluenza, Pneumonia and  
Winter Ills.

During last fall and winter the discovery was made that the most successful treatment in many instances was to take a steaming hot cupful of Bull's Eye Blood Tonic with the juice of half a lemon. The entire system responds to the increased blood circulation. Fatal poisons are eliminated from the bowels and the kidneys are flushed of all impurities. Don't take a single chance against colds, grippe, flu or pneumonia. Get a box today. At all druggists.—Adv.

## DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass  
of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have added the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will refresh your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.—Adv.

## INFLUENZA DANGERS

Easily Avoided by Liberal Use of  
Dash Balm.

The danger of a recurrence of the influenza epidemic of last year is by no means small.

Be on your guard. Influenza is only possible by entrance through nose and mouth of vicious influenza germs. Keep a jar of Dash Balm handy. It not only wards off influenza, but also relieves severe catarrhal conditions of the nose and throat. Insist on having Dash Balm and nothing else. Jars only, price 35 cents at T. J. Evans, Allan J. Dash Co., Mfg. Chemists, Olean, N. Y.

## RUSS REDS IN TROUBLE ON THREE WIDELY SEPARATED FRONTS

1—Admiral Kolchak's offensive on the Siberian front, begun on September 1, has not only stayed the advance of the Bolsheviki, but has rolled them back in places. Fifteen thousand prisoners, 100 machine guns, and twenty-one cannon have been taken. The battle line touches the Tobol river fifteen

miles south of Yaluteroysk, bends eastward to about seventy miles of Ishim, back to the Tobol river, crosses the Trans-Siberian railway at Biakhli, and then bears away to the southeast. An advance of over seventy miles on the whole front has been made since September 1. On that date the battle line was at the Ishim river.

2—The troops of General Denikin are reported to be within thirty miles of Orel, an important city 200 miles south of Moscow. 3—The Poles have captured all of Dvinsk except the portion lying south of the river. 4—The North Russian army has cut the railroad between Pskov and Petrograd, it is reported.

## SHOWS HOW AUTO DRIVERS CAN HELP PRESERVE HIGHWAY BY BEING CAREFUL

"Drivers can do as much, almost, for the maintenance of good roads as highway engineers," declares Alfred F. Masury, chief engineer of the International Motor company, manufacturer of black trucks.

"Did you ever notice," asked Mr. Masury, in going up a hill, particularly one paved with asphaltic concrete, that the surface on the right hand side of the road is wavy and rough, while on the left hand side is smooth?

"Well, the reason is this: The extra traction required to climb the hill wears and tears the surface, while there is little or no traction down hill.

"Another thing, the right hand track of the road in either direction is the one which is worn most. This is because of the arched surface of the road which throws the greater weight and strain on the right hand side of the

vehicle and consequently the right hand side of the roadway. Truck builders and wagon makers have even adjusted their axles and springs so as to withstand the greater strain on the right hand side of the vehicle.

"The custom of arching the roadways was formed in the early days of road making when dirt and porous-surfaced roads were the ones mostly in use, and it was necessary to give sufficient pitch to the surface of the roadway to drain off the water and prevent it from penetrating the surface of the road to soften and weaken the road-bed. With modern watertight surfaces, the necessity for arched roadways does not exist and engineers are designing roads with very slight pitch.

"Drivers can prevent wear to the surface of the roads and even improve their conditions, if instead of driving

in one track or on the edge of the road, they will drive over the middle and other less used parts of the road when traffic permits. The one thing that is fatal, above all things, to road surfaces, whether dirt or paved, is driving in tracks, which subjects one small part of the road surface to all the traffic and damage that the whole road accommodates. Traffic should be evenly distributed over the entire surface of the road, and a little thoughtfulness and care in this respect on the part of drivers will do much to add to the permanence and excellence of our roadways."

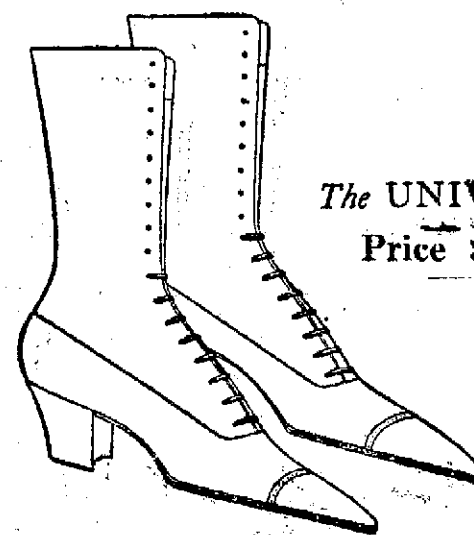

Heartless Daniel.

I understand you are trying a new stenographer.

## CLUB WOMEN OPPOSE RETURN OF SALOONS

Cleveland, Oct. 16.—Ohio women do not want prohibition repealed. At yesterday's session of the Ohio Federation of Women's Clubs, holding its silver anniversary convention here, Mrs. Fretz E. Rood, called upon the women to express themselves on the subject.

Do you want the saloon opened again? she asked.

"No, we do not," came a chorus from the delegates, representing 60,000 club women in Ohio.

The demonstration was precipitated through a brief talk by J. S. Rutledge of the Anti-Saloon League, who declared that whereas 180 Cleveland babies died last year from neglect, only 14 died this year under prohibition.

Next year's convention will be held in Columbus.

## HAMILTON MAN SELLS POTATOES AT \$1.80 BU.

Hamilton, Oct. 16.—James W. Murphy, "undisputed champion" in breaking the H. C. L. here, has ordered another carload of potatoes to sell at \$1.80 a bushel. The tubers will arrive today or Friday. A carload that he placed on sale Tuesday morning was oversold 60 per cent by noon.

Three carloads of government army food which arrived from Chicago will be sold at cost by the city food commission, beginning Friday morning. An abandoned engine house is being used as sales headquarters.

Between the efforts of Murphy, a factory superintendent, and the city commission, old H. C. L. is badly battered and gasping for breath, everywhere except on the municipal market, where market men adopt a "take it or leave it" attitude.

## W. C. T. U. TO TAKE UP AMERICANIZATION WORK

Columbus, Oct. 16.—Americanization of foreigners is the objective of the new campaign to be launched by the W. C. T. U. now that the liquor traffic has been disposed of. Mrs. Florence P. Richard, president of the Ohio W. C. T. U. said yesterday in her address before the W. C. T. U. which is in convention here.

"The advent of national prohibition does not mean that the work of the W. C. T. U. is finished, nor that it will cease to take an active part in every national, state and home question which arises in the future," she said.

"Immediate attention should now be centered with just as much energy on the Americanization of the foreigners in this country."

Mrs. Richard said that 32,000,000 persons or 35 percent of our population is of foreign birth or parentage and that these millions of aliens must be helped to become good citizens.

"Unless we do this, our prohibition law and other moral measures will be in danger," she added.

**PLEASANT VALLEY.** Miss Corn Priest returned to her work at Dresden, Sunday, after spending the past week with her parents, Mr. and Mrs. H. W. Priest.

Mrs. Ethel Thompson and daughter Irene, Mrs. Emma Varner and sisters Mrs. Marjorie and Mrs. John, spent Sunday afternoon with Mrs. William Miller of Fallsburg.

Mrs. Zora Billman, Miss Floe Booth and Mr. and Mrs. Arfink Beckford were Newark callers Monday.

## Milady's Boudoir

### Out of Doors for Health.

Out of door life is the very finest of times and a girl should arrange to get out into the open for at least a part of each week. More and more girls who earn their own living are getting into the way of living out of doors as much of the good weather as possible even when it begins to get cool. Once you start doing this you will move heaven and earth to do it again.

The wise girl who lives in the suburbs with a porch convenient, sleeps outdoors, with a screen of canvas to protect her from curious eyes. Girls who are not so fortunate plan to spend each week-end in the open, out in the clear country. Even if they can only get away for Sunday, they should spend the two nights and one day in the pure air. Get to a park where you can sit on the green grass, take the trolley out to the real country and spend the day idling along where there is no city noise and plenty of clean, fresh air to breathe.

Wear loose easy clothes and get down to nature. Dusty, busy city that you are so situated that you cannot get your share of the open. With determination one can do wonders. By combining with two or three other girls you can often get up a can in which to live during the pleasant weather. Perhaps some of the girls have a brother who will be willing to aid in carrying out such a scheme.

There are few towns or cities that do not have places within reach where a tent can be pitched. Many a farmer would be glad to give you the use of a corner of his pasture or orchard, knowing that you being there will mean a sale of fresh vegetables, eggs and milk. If it is not possible to spend the whole of the glorious fall season out of doors, a week spent this way would work miracles for all throughout the winter.

### The Beautiful Mouth.

When we were babies we were taught to keep our fingers out of our mouth, but how we did cling to the habit of sucking our thumbs. There are many reasons for breaking children of this habit. First the fingers, no matter how clean, always hold a number of germs from handling and sores of objects. Secondly the habit of holding the mouth, chewing on the end of a pencil or sucking the fingers, will give the mouth a very unsightly shape.

We have all seen people whose mouth resembled that of a rabbit. When they were children they were allowed to suck their thumbs to their heart's content, and perhaps their mothers gave them baby comforters to quiet them. Learn to keep all foreign articles from the lips, if you would have ruby Cupid's bows for an attraction.

Some people do not approve of make-up at all, and others admit that a little of it does no harm, but the majority agree that it is a woman's birthright to be beautiful and that, when nature has overlooked her, she is to be excused if she resorts to false means to secure.

Nothing gives the face a more insipid expression than colorless eyebrows. By massaging the flesh lightly every night, and with the faithful application of vasoline every night before retiring, it has been proven that even the most hopeless looking eyebrow will take on a new growth.

The purchase of an eyebrow pencil, which comes in all shades of brown is the only solution of this problem. When using this pencil be very careful not to apply it too heavily, and special care should be taken to follow the curve of the eye. The pencil is made of a harmless greasy substance and can do no harm to the eyebrows.

## Our Boys and Girls

How to amuse children is one of the problems which every mother must face. The little ones so often become restless and need new forms of amusement. Simple games are well to keep a child amused and they should be taught to play with one another.

Some of the prettiest things to be made in the count at this time of year are leaf charms, and as nearly every child lives where there are leaves of some kind this will often keep them quiet.

Leaves with fairly long stems should be employed. The chains are made in this way. Put the stem of one leaf through the top of another and, then, pass it back underneath through its own leaf. A competition can be arranged in connection with these leaf charms. First of all, gather a good number of leaves and then offer a small prize to the child who produces the longest perfect chain in five minutes.

The children are all fascinated by chain making and, with the bright leaves that can be gathered by the children, make a pleasant quiet pastime for them on their Saturday afternoons.

The following menus show how food may be combined with little work, sufficient to prepare suitable meals for the children of the home, while the family food is being cooked. For the three-year-old small quantities could be prepared unless he has a lousy appetite. In this case the salad green may be omitted and bread and milk may be substituted for the main supper dish.

Breakfast should consist of apple sauce or orange juice, oatmeal, wheatena milk and whole wheat bread toasted. Or the cereal may be omitted, a baked potato substituted and a poached egg on toast given. Dinner, of course, should be in the middle of the day, and it may be a little chicken with a little chicken broth, or if baked potato has not been given in the morning it may be given at noon. If it was given in the morning substitute a well cooked vegetable of some kind.

The desert can consist of junket, stewed prunes or a well baked banana. Supper may be of some cream soup or a bean soup or diced potatoes well cooked with an egg sauce. Ginger cookies, bread and butter sandwiches and a glass of milk would be good. An egg a day is about all that child's system can handle and a child of three or four should have at least a pint of milk a day and more if it will take it.

Everyday Etiquette

"Is it polite for a person alone on a train to monopolize a whole seat?" inquired Dave.

"Commuters should certainly not occupy a whole seat for each person and allow others to stand," replied his uncle.

"Should a girl ask a young man to call or should a man ask the girl if he might call?" asked Marjorie.

"If a man shows a girl some attention she may ask him to call and leave the matter to him to ask for a special evening," was her mother's advice.

We should speak well of the dead. At any rate a man's tombstone should stand up for him.

### Coleman-Logan.

The marriage of Mr. Edgar Kenneth Coleman to Miss Anna Elizabeth Logan was solemnized at the home of the bride's mother, on the National Drive, Tuesday evening in the presence of a number of friends and relatives. The ceremony took place at 7:30, the ring service being read by Rev. W. Chas. Benjamin, pastor of Second Baptist church.

After the ceremony luncheon was served.

Among the guests present were the following from out of town:

Mr. and Mrs. Harry Gobel and daughter, Ruth, Miss Lulu Kearns, Miss Anna Stokes, Miss Hilda Wells, Miss Helen Manely, Mrs. Howard Bowers and Mr. and Mrs. Adolph Stilt and son, all of Zanesville; Mrs. Carl Spangler, of Mansfield; Mrs. Baker, of Pittsburgh, Pa.; Mr. Clint Coleman, Dayton, Ohio, and Miss Nellie Skipton, of Columbus.

Announcement has been made of the approaching wedding of Miss Mary Farmalee, daughter of Mr. and Mrs. F. H. Farmalee, of O'Bannon avenue, and Mr. Harry Jeffers, son of Mr. and Mrs. Louis Jeffers, also of O'Bannon avenue. The wedding will take place Thursday, Oct. 23.

Miss Elizabeth Hill entertained informally at her home, in the Mt. Vernon road, on Wednesday, honoring her sisters, Mrs. Rebecca Stoneburner, of Ft. Wayne, Ind.; Mrs. Martha Downey, of Columbus; and Mrs. John Chambers, of Pittsburgh. A delightful few hours were spent and luncheon was served.

The Ladies Aid society of the Second Presbyterian church will meet at the home of Mrs. Frank D. Hall, 125 North Fifth street, Friday at 2:30 o'clock.

Misses Elizabeth Develin and Ann Hinger honored Miss Clara Copeland with a linen shower Wednesday evening at the home of Miss Develin in North Morris street.

Hallowe'en decorations were used and the prizes for the contests were won by Mrs. Dwight Murphy and Miss Nell Freiner and given to Miss Copeland. A buffet luncheon was served to fifteen guests.

Rev. and Mrs. H. E. Dunmire, 205 Hunter street entertained the young people of their three congregations at their home Friday evening. Eighty-five were present to enjoy games and music. Rev. and Mrs. Dunmire were presented with a beautiful library table from the St. Louisville congregation.

Mrs. Raymond Haynes is entertaining this evening with a shower at her home in West Main street, complimenting Miss Clara Copeland. Miss Copeland's marriage Mr. John Kennedy will be solemnized at St. Francis de Sales church Tuesday morning, October 21, at nine o'clock.

Mr. and Mrs. Raymond McWilliams entertained with a party Wednesday at their country home five miles north

of the city. The afternoon was spent chestnuting and at five o'clock a dinner was served Mr. and Mrs. A. B. Painter, Rev. and Mrs. R. E. Carman and children.

A number of the members of the local council of the Knights of Columbus attended a dancing party given at Zanesville Wednesday evening.

Ward-London.

The marriage of Miss Lottie London and Mr. George M. Ward was solemnized at the parsonage of the Central Church of Christ in West Locust street Wednesday afternoon. Rev. R. E. Carman the pastor read the service.

Mr. and Mrs. Ward left for a trip to Washington and New York, and on their return will be at home in Columbus where Mr. Ward is employed in the Pennsylvania office. The bride has been employed in the cloak and suit department of the J. J. Carroll store.

Miss Edith Welch entertained with an aluminum shower Wednesday at her home in Union street, honoring Mrs. Ernest Erickson (Edith Green).

Large wicker baskets of pink and purple asters were used throughout the rooms and the evening was devoted to playing five hundred. The trophies were awarded to Miss Grace Dennison and Miss Esther Graef who presented them to Mrs. Erickson.

A two course luncheon was served to Mrs. Erickson, Mrs. Frank Rhodes, Mrs. William Graef, Mrs. J. E. Barker, Misses Grace Dennison, Winnifred Evans, Esther Graef, Mrs. Wilson, Miss Hohl, Helen Hohl, Alice Welch, Mrs. W. D. Edwards and Miss Florence Green of Columbus and Mrs. H. L. ## MUSIC CLUB STUDIES FAUST

Gounod's Opera Takes Up  
Program Which Is Illus-  
trated With Members of  
Famous Artists.

(Special to the Advocate.)

Granville, Oct. 16.—The Women's Music club assembled at 2 o'clock Wednesday afternoon in the drawing room at "Bryn Du," on invitation of Mrs. J. S. Jones and enjoyed a wholly new departure in the program line. Mrs. C. B. White, the leader, announced that the opera "Faust" would be studied and that several world famous artists would be heard in the various roles by means of the Victrola. Through the courtesy of Mr. Carroll of Newark, of Frank S. Robinson, and others, she had been able to secure records presenting such singers as Jaurmet, Amato, Mies, dames Melba, Sembrich and Homer, Geraldine Farrar, Caruso, and others. The story of "Faust" was related by Mrs. C. D. Coons and the status of Gounod's work was given by Mrs. White and illustrations of the orchestral effects were presented by herself, Mrs. Darrow and Miss Bessie Larkin on the keyboard. The opera of "Faust," as written by Gounod, has survived for 60 years, and continues to enjoy a popularity greater than that of any other five operas combined. The "Jewel Song" of Marguerite, as given by Melba and by Sembrich called for expressions of preference from the members. The next meeting on October 29, will be devoted to a study of Franz Liszt. Among the guests present yesterday were: Mrs. C. J. Billings, Montana; Mrs. C. W. Dorsey, Los Angeles, Cal.; Mrs. T. M. Kier, Mrs. Hucce, Mrs. Adams, Mrs. John Evans, Mrs. Frank Rice, Mrs. S. Robinson, Mrs. James DeWeller, Mrs. Susan Bauden.

The annual meeting and supper of the Spencer Bible class held Monday evening in the Baptist church, was one of the most delightful social events of the season just opened. At the tables tastefully decorated, fifty people were gathered. Rev. S. W. Hamblen, acting pastor, invoked the Divine blessing. Following the report, Miss Gustin, president of the organization, assumed the duties of toastmistress. W. P. Ullman, one of the charter members, responded to the toast, "A Look Backward," giving some of the reasons for the beginning of what has become a potent factor in the church work, as well as in the village, as it was due to Mrs. E. Spencer and her Bible class that Granville today has a library. Mrs. Ullman followed with pleasing reminiscences. W. A. Holmes of the library board presented some interesting facts connected with the past and present status of the library. Mrs. John Thomas spoke of the activities of the class in raising funds. "A Look Around" was given by the president, Miss Gustin who spoke of the ideals of service and evangelism as evidenced by the contribution to Oneida Institute in Kentucky, and the support of a native preacher on the Bengal-Onissa field, India. "The Look Forward" was presented by Mrs. Brumback, for eight years the teacher and leader, who urged to greater zeal than ever before. Dr. F. B. Wiley, superintendent of the Sunday school gave a lesson in mathematics by proving that one will get more than two when giving to individuals striving to do their Christian duty. The evening closed with a game in which the company joined.

The first series of lecture-recitals by Prof. H. G. Bennett of the Denison Conservatory was held Wednesday evening in Recital hall. Mr. Bennett spoke interestingly of the career of Johannes Brahms, the composer of the recital. Following this, Miss Farrar and Mr. Bennett together played a piano arrangement of "Brahms' Second Symphony." An intermezzo for piano was played by Miss Farrar, and Miss Reba Jury then sang three Brahms songs, "The Sandman," "That Night in May," and "Lone Song," thus concluding the program. Mr. Bennett is taking charge of the musical courses in music, formerly taught by Mr. Eschman.

Mr. and Mrs. W. M. Black and family entertained the following guests at dinner Sunday in honor of the birthday anniversary of Mr. J. R. Black: Mrs. C. W. Black and son Henry, Mrs. Irene Kerr, Mr. and Mrs. Howard Black, and son and daughter, Crayton and Frances, Mr. and Mrs. Robert Black, and daughter Marian, all of Columbus.

The Christian Endeavor convention held in Newark Tuesday evening at the Central Church was attended by several Granville young people, among them being: Misses Katharine Rohrer, Marion Cook, Ethel Jones, Frances Rohrer, Bessie Twining, Juanita Jones, and Mrs. Elizabeth G. Gertrude Good, Miss Dorothy Richards, Albert Wright and Rev. Emanuel Breeze.

For the benefit of the community federation of Granville women, the League of the Daughters of the American Revolution, will give a supper on Friday evening, October 24, in the social rooms of the Baptist church. Tickets may be procured from any one of the following committees: Mrs. Stuck, Mrs. Loveless, Mrs. T. S. Johnson, Mrs. Ullman, Mrs. Shepardon, Miss Blanche Horton.

Mr. and Mrs. E. J. Dorsey and family motored to Newark today.

Rev. C. J. Rose, who has been ill for the past three weeks, is reported as improving.

## CHILD EATS TABLETS; IS SERIOUSLY ILL

Eating tablets said to contain strychnine, the two-year-old daughter of Mr. and Mrs. Dudley Miller of Summit street, is seriously ill.

In some way unknown the child procured the medicine and ate a quantity of it. Physicians were called at noon and her condition cannot be determined yet.

## CONSUMER BENEFITS FROM "POTATO" WAR

Hamilton, Oct. 16.—Old man high cost got another body blow today when W. C. Atherton, leading commission merchant again began "bucking" the city food commission and James C. Murphy, local "potato king."

Atherton announced he had a carload of potatoes on hand to sell at \$1.70 a bushel, ten cents below Murphy's figure. He also announced sales of kraut cabbage at 2 1/2 cents a pound direct from the railroad car, and a carload of apples at \$2 a bushel.

The city food commission today announced the prices governing sale of two carloads of United States army food just received.

Because of the activity of Murphy and Atherton, as well as the food commission, Hamilton in the last two months has enjoyed sale of 13 carloads of produce at low figures, which is believed a record for Ohio.

# Style In Underwear? Unheard of!

THAT'S WHAT WOMEN WHO HAVE NEVER WORN

## Carter's REG. U. S. PAT. OFF. KNIT Underwear

have been thinking about knit underwear. The fabric in Carter's Underwear is so finely woven, so elastic, that it stretches out, then springs back into perfect shape. Then, there's a style for every kind of dress, too. You don't want a long-sleeved garment under a filmy blouse, and you don't want to tuck in the neck of your union suit if you are wearing an open neck dress. In Carter's you don't have to. You can get it low neck or high neck, sleeveless, half sleeved or long sleeved, in various weights in cotton, merino and wool.

### Carter's

Union Suits

### WOMEN WHO WEAR CARTER'S UNDERWEAR

Are pleased with the kind of comfort, style and service it gives. She appreciates its smooth fitting, true lines, its absolute comfort its protection in all temperatures, the way it keeps its shape, and its many nice details of workmanship. If you've never seen Carter's, ask to see a suit and examine and note its good points for yourself.

### THE CAREFUL MOTHER WILL CHOOSE CARTER'S UNDERWEAR FOR THE CHILDREN.

It's soft, protecting, careful and thoroughly made. Made of selected materials, under the Carter process, which produces an ideal undergarment that cannot irritate the child's tender skin.

### REMEMBER—IT'S IMPORTANT TO BUY WINTER UNDERWEAR EARLY

This season's stocks are now complete in Union Suits and Separate Garments for men, women and children, in various weights of cotton and wool garments. May we not show you the various garments in our winter lines? For instance—

**THE LADIES' UNION SUITS AT \$3.50 AND \$3.95.**  
Are in two weights. One a medium weight wool, the other heavy wool suit. These come high neck long sleeves, low neck, no sleeves or duck-neck and short sleeves. All ankle length.

**FOR MEN—A GOOD SUIT AT \$2.50 EACH.**  
Nice quality cotton ribbed suit, in grey, ecru or white.

**THE MEN'S UNION SUITS AT \$2.95.**  
Is another fine garment. An elastic ribbed weave in a grey mixture.

**THE WOOL UNION SUITS FOR CHILDREN.**  
At \$2.00 and \$2.25 are well made suits in white with fancy shell finish; high neck and long sleeves ankle length.

## GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble, Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

## CLEAN UP POISON SOAKED KIDNEYS ADVISES DR. CAREY

Thousands Die Every Year Because They Allow Poisonous Deposits to Accumulate in Kidneys.

Don't flush your kidneys with harsh makeshifts says Dr. Carey, they are too frail and delicately constructed to treat them rough.

For 40 years I have been prescribing Marshroot for kidney and bladder sickness and now I have retired from active practice. I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price.

Beware of kidney disease thousands die of it every year who ought to be enjoying the blessings of life and health. If you have specks floating before the eyes, puffiness under eyes, clammy feet or moist palms, backache or sideache you ought to get a bottle of Dr. Carey's Marshroot right away.

It has conquered thousands of kidney and bladder diseases and is the medicine you can always depend upon. **IMPORTANT**—Dr. Daniel G. Carey has been a practicing physician for many years and his great prescription, "Marshroot," has cured thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and is only sold through drug stores in order to accommodate his patients. T. J. Evans' Cut Rate Drug Store can supply you. —Adv.

# Newark's Big Store

WILL OPEN

SATURDAY, OCTOBER 18TH

To convince the people of Newark and surrounding County that the big store has been fitted up for the sole purpose of enabling them to purchase high grade merchandise at extremely moderate prices, special items will be offered in every one of the departments listed below at prices that will prove to the purchaser that profit and loss have been entirely forgotten for this opening.

We could, as many do, make honeyed speeches and a big display and, etc., but think in these times Newark people would rather have our enthusiasm over our fine store take the form of extraordinary values in merchandise.
